FEEDBACK & COMMENTS *(please use further pages if necessary)*

We first met on 28th April to discuss the first draft of the SEND survey. At that meeting we covered the broad areas we wanted the survey to cover. There was a focus on 'I' statements. We stated then that there needed to be a young person's version of the survey, as well as a parent/carers & a professional version. At this time there was an action for Lindsey Sloan to look at the 4 areas of the PfA pathway and forward question to Claire O'Brien.

We met on the 4th to look at and discuss the next steps for the survey. Claire O'Brien will then produce a draft survey.

We discussed the format and scoring, the use of emoticons and a possible number scoring. We discussed how this was going to be advertised to gain as much reach as possible. We listed various youth groups that could help with advertising the cyp version. There was a discussion about incentivising young people and parents to respond to the survey. With people being put into a draw to get vouchers, for example.

We tidied up some of the questions and areas for the parent survey. That their needed to be specific questions focussed at different Key Stages and post 16. That post 16 questions should not have an education focus.
