

## Meeting notes: Chairs of SEND workgroups

**25.6.2021**

This was a quick meeting today, because everyone's mind is on the Ofsted visit next week...

Present:

Sarah Rempel (new director of education, chair for today)

Lindsay Sloan

Vanessa Grizzle

Vikki Whild

Sarah Langdale

Claire Webb

Kelly Twitchen

Peter Phillips

Most discussion was about Inspection next week.

There was some jockeying to get invitations to the Final feedback meeting, 12:30 on Friday - "Mary's been invited, why can't I join too?" Etc etc...

Two main points that they're worried about re Ofsted:

Short breaks. SL: We've got a plan now, but we haven't done enough yet.

PFA. LS: we can be positive on evidence of our development for PFA, but I think that the outcomes are where we might fall down. Quite a lot of discussion ensued... do we have any good cases we can evidence? Obviously not very many yet!!

Only one other topic on agenda: C&YP participation

Becky McDade led some work in April and May and developed a children's version of the coproduction charter. Task was to create a picture as a group. Statement 'working together to make things better'

Will be taken to SIB mid July.

And a SEND Participation worker being recruited to work with SEND children - but apparently proceeding slowly, so they don't know when that will happen!

No action for us from this meeting.
