SB made the point that the next LDPB meeting scheduled for Jan will be postponed to March.

However we would try to put any relevant data into the meeting today as March LDPB meeting was already full.

There are currently two surveys one is national the other is local via Eliza AYEOT.

### ACTION LOG:

Update on AF and Mali. Apparently the info the group are after has not surfaced as yet. Due to the systems used that show Christchurch and Bournemouth linked together but Poole is separate. However as work is produced in different ways we cannot as yet get this important info. A ray of sunshine systems now able to look at Assessments specifically the Quality according to AF. Team pressures also caused delays due to COVID.

LD TEAM – should state who are Carers and what type over the last 12-24 months. NO comment on refused whether late or refused there are various issues with older parents.

Quality care records –action points relates to carers not clients insufficient records along with insufficient contingency and forward planning. Quality is in the plan!

Note RESPITE care packages there is a need for Assessment of CARE.

Needs –Assessment data will come.

MB did mention that Adult are the only ones known to Services.

BC asked how long between Assessments delayed or refused by client /carer.

Young People wanting any form of housing numbers should be coming through.LD should have some form of records for those coming through the system.Note not all will require housing needs but numbers need to be factored in for planning.

TB stated the results of the National Survey should be out late April.

Emma and Sini gave updates and comprehensive reports via financial slides.

Still an area of concern those not on Internet.

Noted that the pre –meets are working well gathering vital info to question leads.Nice to see people in the flesh.Our Dorset project goes out across BCP.AF raised the issues with communications with LD Team. Do they not have a Teams Meet once a week???

Then we went through Finances where money had gone on various needs but no starting figs/end.

MR questioned was there a refund on Beach Huts and the like not used apparently no but there are Covid and clauses underwritten into contracts now.

Note unused funds from Carers had to be paid back but no records of those?

We then went through the Carers Action Group Plan 2021-2024.

Evident there will be more training and support for Carers and a Carers Information Service.

Accommodation Review: use by all carers gaps in service identify 50-60 60-65.

Hope to have a provisional listing by October about what is available.

Updates on Keeping Safe and Health.
