Elaine Okopski (DPCC); Louise Wildon (PCF); Amanda Wathen (SWAN UK & PCF); Louise Middleton (PCT)

The final meeting before Health Local Offer goes live at end of month.

We worked through some of the outstanding issues, for example:

Under hospitals – we had previously asked if it would be possible to have either photos or video of children ward included. Chloe hasn't been able to get a definite commitment. However, we decide that it would be useful if we could include some social stories about going to hospital etc. All agreed that we would look out for social stories we thought might be helpful and send in

WSe discussed having an introductory paragraph for the PfA Health section to explain simply about transition to adult health services and link to main PfA site on Local Offer. Finally settled on something Chloe drafted and put in chat.

We asked for info and link about Community Nurse Team to be included.

I asked Louise & Claire if the info down right hand side of current LO could be brought into the middle, as I didn't feel parents would be drawn to that info and there is some good material there.

There was a rather long conversation from Amanda about including generic/universal information about residential care. We got a story about her brother, her sons etc. It took a bit of time to explain that health needs within residential care would be for those with complex health needs – that social care actually would be funding the residential care. We agreed there could be a link to social care section that specifically deals with residential. This

info could be added to Continuing Healthcare section Amanda complained that parents in her group would not then meet criteria. Again Chloe tried to explain that Healthcare in Residential would be for a specific group of children/young people it is not a universal service.

We suggested that going live now rather than later would be most beneficial. By end of Jan, so Dorset and BCP would be live at same time. BCP live on 24th Jan with comms going out on 28th – Health Local Offer is now live. Dorset Comms and Local Offer on 31st Jan. They have a bit more to do on tidying LO up.
