special educational needs and disabilities

### **Parent Feedback**

#### **We asked what parents liked the most about this event**

All services are available in one place.

All the BCP services was available in the same place, and it was great to talk to them personally

It was so helpful. Thanks!

It was very informative, and it was good to get to walk around speaking to each person's area especially in our context of doing an EHCP and managing school applications

Being neurodiverse ourselves it helped us literally walk the process and talk to each team as we found it's very hard to navigate or understand if we're doing enough as parents

It was good to see both the council and NHS representatives and the charities and teams

#### **We asked what would be helpful next year**

a floor plan with the team and table number and what they do might be useful

#### **We asked if parents learnt anything new about services**

Yes, we both learnt a lot about the process for EHCP and SEN support in schools, also helped us figure out who to talk to.

It was very reassuring to hear that everyone was open to us emailing if we had any questions and could point us in a direction etc.
